TWO GREAT WORKSHOPS!**

Workshop #1: *ENCHANTED JOURNEYS!*

Join Kimberley on a trip across time to explore the magic of the Southwest through her novels as well as learning the process of becoming a professional writer. Using a slide show and favorite books, Kimberley brings the writing process to life: how to hook your reader, create a story, and do research and revision.

Workshop #2: *THE CREATIVE DIARY!*

Students will discover the joy of writing and produce their own completed story during this workshop. Unique imagination exercises get the writing juices flowing. Even reluctant writers will love this fresh approach! Get your students wild about books and writing!
